**It is Applicant's intention that such an interview will lead to an agreeable resolution of the rejected claims. Applicant would appreciate the opportunity to discuss rejections with respect to claims 1,9,27,28 and 29 and the differences that exist between the subject application as set forth in these claims and the prior art of record (Berger et al. U.S. Pat. No. 6,414,693). Specifically, with regard to Claim 9, Applicants wish to discuss whether the amendments, as proposed below and discussed in the Amendment of November 8, 2006, would overcome the prior art of record.**

**Listing of Claims:**

1. (previously presented): A user's request reflecting design system for timely and accurately reflecting users' requests on a product, comprising:
